The President’s Corner
Edwin Porter

Thank you to all who attended the February meeting where Dr. Thomas Lawrence, an ASHRAE Distinguished Lecturer, presented on CO2 Monitoring for Outdoor Airflow and Demand-Controlled Ventilation. This presentation provided a different perspective on a topic similar to the January meeting.

For our March meeting, we welcome Kyle DelPiano to present on modern pump selection for system efficiency. This presentation will cover everything from the basic pump affinity laws and head loss calculations to complex modern pump selection methods to maximize “efficiency islands”. The meeting will be held at the traditional time and location (Crowne Plaza Blue Ash, 5901 Pfeiffer Rd. Blue Ash, OH 45242) on Tuesday, March 13, 2018 with lunch starting at 11:30 AM and the discussion starting at 12:00 PM. Please register by returning the attached RSVP form to laurakamphaus@zoomtown.com or online at the following link: https://www.eventbrite.com/e/ashrae-march-2018-luncheon-tickets-43392931426

For those of you who plan on attending the Annual conference in Houston, TX, please attend the Plenary session where William Ostrander and Fred Betz will be awarded the ASHRAE Distinguished Service Award. Thank you and congratulations to the both of you!

Each month we strive to select meeting topics that are valuable and relevant to all in our local membership including engineers, contractors, owners and product reps among others. Please feel free to contact me directly with any questions, comments, concerns, or suggestions:

Committee Reports

Research Promotion (RP)
Joe Zirkelbach
We have just about 4 months left to hit our goal of $10,700, can you help us this year? Every little bit helps so please donate today. Individual who donate $100, and companies who donate $250 to research will be recognized on ASHRAE’s honor roll. The easiest way to donate is online, https://xp20.ashrae.org/secure/researchpromotion/rp.html

The Cincinnati Chapter is still looking for someone to take over the RP roll starting this July. Please consider this opportunity to become more involved within in ASHRAE.

Call with any questions, 513-515-8285

Chapter Technology Transfer (CTTC)
Pete Rasche
We hope you were able to attend the January and February meetings featuring back-to-back ASHRAE Distinguished Lecturers, presenting topics related to Demand-Controlled Ventilation and ASHRAE 62.1 ventilation. Both speakers were very engaging and presented interesting and useful info. In March, we will shift gears a bit for a presentation on "Modern Pump Selection for System Efficiency", by Kyle DelPiano. With a focus on maximizing pump efficiency during the largest periods of operation, it should be another presentation that most of us can use frequently.

Young Engineers in ASHRAE (YEA)
/Student Activities (SA)

Are you active in your ASHRAE Chapter and looking to get more involved? Make sure to apply for Leadership U! This program allows YEA members to shadow an ASHRAE Vice President at an ASHRAE Conference to get an in-depth look at the ins and outs of ASHRAE. Applications for the Leadership U program at the 2018 Annual Conference in Houston are open through March 12, 2018. Learn more.

History
Joe Nader
It is not too early to start thinking about the 2018 Region 5 CRC which will be held in Toledo on July 26th, 27th and 28th. This is very important conference and the Cincinnati chapter needs to have a large presence so we can again be recognized as a very involved chapter.

The attendance by the committee chairs and new member is something we should strive for. This does not mean that you have to attend alone. This is an opportunity for you to invite your significant other to attend with you. There is plenty of activities for them to do while you are busy at your workshops or at the business sessions. They can attend the Thursday evening welcome event, the Friday and Saturday luncheons and the Friday night social and the Saturday companion tours. You do not have to attend every day but that would certainly be ideal.

I have lots more information about past CRC’s so please do not hesitate to contact me if you need some information.

Plan now to attend!

Kyle DelPiano is the business development manager – Americas, for Bell and Gossett a Xylem Brand. In this role, he works with senior management of water technologies and other divisions to develop strategic direction for the company’s HVAC market. Kyle has nearly 10 years of experience in the HVAC industry in a variety of sales and training roles, and he is LEED AP certified. He holds a Bachelors of Science degree in Polymer and Fiber Engineering from Auburn University, and is an active HIA-C and ASHRAE chapter member. His principal areas of interest are energy savings, heat transfer, hydronic systems, VRF and central chilled water plant design.
Will be attending the ASHRAE Cincinnati Chapter meeting on:

DATE: March 13th, 2018
TIME: 11:30am
PLACE: Crowne Plaza
5901 Pfeiffer Road
Cincinnati, OH 45242
