The President’s Corner

Pete Rasche

Thanks to everyone who attended our second “roaming” luncheon earlier this month at SHP downtown. The Qdoba bar was great, and ASHRAE Distinguished Lecturer Dru Crawley’s presentation was engaging and interesting. Mr. Crawley was kind enough to share a PDF of his presentation slideshow with our chapter, but we didn’t want to blast everyone with an 8 MB file, so if you are interested, please email me and I will send you a copy.

I also want to send out another thank you to SHP for hosting and organizing the food delivery, and Ketchum & Walton for sponsoring our lunch!

So… we have a busy couple of months planned! I guess my Presidency is going out with a bang… Please read on to see the THREE awesome events at which we hope to see all of you!

Event #1

As we have been happily telling everyone, our April meeting will feature a visit from Society President Sheila Hayter, and will be a dinner meeting held in the Nippert Stadium Club (the room overlooking the stadium) at UC on the evening of April 15th. We have limited seating for 200 people, and we are inviting UC students and faculty, as well as the local chapters of AIA, IEEE, and IES. We expect a sell out! You should have received a flyer with a link to register and/or pre-pay online by now; if you have not, check your spam and junk mail folders! Or…

See Page 3 for all information on the monthly meeting, including the link to pay/register.

NOTE: Suggested parking, and facility entry directions, are on page 4. We are still looking for event sponsors, so if you or your company is interested, see the information on the flyer!!

Event #2

Our next big event after the April meeting is the annual May Golf Outing on May 13, benefitting ASHRAE Research. You should have received a flyer about that event as well (again, check spam/junk if you have not). The information is also attached herein. We hope you are busy assembling your foursomes, but we also hope you scroll through the flyer pages and check all the opportunities to sponsor the event. Want your company’s name on a keg out on the course? Want to have us give away some of your company-logo “swag” as a door prize? All the details are included, so please look for that. As always, the money goes to a great cause, while we all have a fun day on the links.

Chair............................ (Open)
The President's Corner (cont.)

Event #3

As mentioned last month, our new RP Chair, Paul Bennett, has been hard at work with his RP Committee, organizing a joint RP (research promotion), MP (membership promotion), and YEA (Young Engineers Association) outing. As Paul revealed at the March luncheon, it will be an outing to the Cincinnati Zoo, on the Saturday of Memorial Day weekend. Best of all? It's a family-friendly event with discount tickets. We encourage you to bring family, friends, and anyone you know. There will be raffles and other fun activities, and ASHRAE members will have the opportunity to take a short technical tour “backstage” in the Hippo Habitat, to see the mechanical equipment that keeps Fiona and her family happy and healthy. Please see the flyer, also attached, for more details. There will be even more details forthcoming. It should be a fun family outing!

Whew! Enough stuff for ya? I’m excited for all the fun we have in store this Spring… and I hope you are as well.

===================================
We are already taking reservations for sponsorships of lunches and providing of venues for next year. Interested in sponsoring a lunch? Interested in providing a venue (minimum 60 seats, preferably with A/V already existing)? Contact me at the email address below.
Note: we have made the decision that meetings will not be hosted at sales/vendor sites, only engineering firms or other non-industry-related sites. We feel this is best for “neutrality.”

As mentioned above, Page Three provides all info you need regarding our monthly meeting, and Page Four includes parking and directions to the event. Page Six includes a list of our donors. We'd love to add your name to the list, whether it be a donation online through the ASHRAE.org or a direct donation to our Chapter. See information at the bottom of page six to donate!

As always, I am open to your comments, suggestions, and thoughts. Let me know what you think. We, the board, are here to serve you. Thanks again, and I hope to see you at many of our upcoming events.

Pete Rasche - prasche@pedcoea.com - (513) 919-8796

April 2019
The Cincinnati Chapter of the American Society of Heating, Refrigerating & Air Conditioning Engineers cordially invites you to join us for our April Meeting, featuring

ASHRAE Society President
Sheila Hayter

Ms. Hayter will present her Inaugural Presidential Address entitled, "Building Our New Energy Future," as well as fielding questions from attendees.

When: Monday, April 15th, 2019
5:30 p.m. Social hour (cash bar available)
6:30 p.m. Dinner served
7:00-8:00 p.m. Speaker

Where: University of Cincinnati
Nippert Stadium West Pavilion, North Lounge
Parking available in Public Campus Garages; CCM Garage is recommended.
Enter through the North Entrance and take the Elevator to the Third Floor.
Further parking and access information will be emailed in the near future.

Cost: Members: $35
Non-Members: $45
Students: $15

***Registration will close on Monday, April 8th, 2019 at 3 p.m. EDT.***
Seating will be limited to 200 Guests. Click the Link Below to Register now!
Walking Directions once inside CCM Garage to Nippert Stadium West Pavilion
Driving Directions: Turn on Jefferson Ave. & then Corry Street, Park in CCM Garage

- **FROM Level P3 Parking in CCM Garage**
  - Park & walk towards the North wall labeled Werner Recital Hall/Nippert Stadium.
  - Go thru either set of glass doors and exit outside. (The doors are to the right as you pull in the garage)
  - Exit outside and take the drive/walkway down to Nippert Stadium/West Pavilion.
  - Enter Nippert/West Pavilion thru the 3rd entrance, North Lobby Entrance. Take the elevator to 3.

- **FROM Level P2/P1 Parking in CCM Garage**
  - Park & walk towards the North Wall labeled Werner Recital Hall/Nippert Stadium.
  - Go thru the glass doors to the elevator. Take the elevator to P3.
  - Exit the CCM elevator and walk straight to the doors that exit outside. If you end up in the lobby of the recital hall, turn around and follow the hall that leads outside.
  - Exit outside and take the walkway down to Nippert Stadium/West Pavilion.
  - Enter Nippert/West Pavilion thru the 3rd entrance, North Lobby Entrance. Take the elevator to 3.

**NORTH LOBBY ENTRANCE**

Walk past South & Bridge Lobby
Entrances before you get to North Entrance. Enter thru
The North Lobby.
The Cincinnati Chapter of ASHRAE welcomes

2018-2019 ASHRAE Society President Sheila J. Hayter, P.E.

Sheila Hayter is a Section Manager at the U.S. Department of Energy’s (DOE) National Renewable Energy Laboratory (NREL) in Golden, Colorado where she leads a team of technical and policy experts who support federal, state, and local entities on energy efficiency and renewable energy topics with the goal to make significant reductions in non-renewable energy consumption.

Since joining NREL in 1992, Sheila’s work has included serving on the Organizing Committee and leading the subjective judging component of the DOE Solar Decathlons, managing sustainable buildings activities funded by the DOE Federal Energy Management Program, managing the Photovoltaics (PV) for Buildings activities funded by the DOE Solar Program, and writing papers, giving conference presentations, and developing/giving training related to high-performance buildings.

Sheila is registered professional engineer in the State of Colorado. Her service to ASHRAE is extensive having served in leadership roles of many technical committees. Sheila received a 2007 NREL Staff Award for outstanding performance, 2007 Professional Progress Award from Kansas State University’s College of Engineering, and an ASHRAE Technology Award in 1999. She received the ASHRAE Distinguished Service Award in 2001 and the Exceptional Service Award in 2011 and was named an ASHRAE Fellow in 2008.

The above is a shortened bio. Sheila’s full ASHRAE bio can be found here: https://www.ashrae.org/about/leadership/ashrae-president

Presidential Address: Building Our New Energy Future

As buildings professionals, it is highly likely we will experience significant changes during our careers in how building systems interact with other energy generating and energy consuming systems. In particular, a rapid evolution underway in the power sector will have significant impacts on the buildings sector. The result of this evolution is our new energy future, and that new future is not far away. As a critical organization for buildings professionals across the globe, ASHRAE and its members must take an active role in the ongoing changes that will create this new energy future by: becoming aware of the changes that are occurring and the opportunities they offer to the buildings industry; getting engaged in finding solutions to meet these opportunities; and starting now to be leaders as this new energy future becomes a reality. This presentation will discuss what this new energy future is expected to be, describe what ASHRAE is doing to become aware, get engaged, and start now, and provide recommendations for how you can also participate in this evolution so we are all leaders in our new energy future.
Cincinnati ASHRAE Donor Recognition

BRONZE ($100 or more)

**INDIVIDUAL**
- Edwin Porter
- Fred Betz
- Pete Rasche
- Dave Klenk
- Steve Tossey
- Paul Bennett
- Joe Nader
- Dave Deger
- John Ramsay
