The President's Corner

Edwin Porter

Happy New Year local chapter members! Thank you to all who attended the December meeting where we welcomed Paul Daugherty, nationally acclaimed sports columnist for the Cincinnati Enquirer and activist for people with disabilities. A great discussion was had on topics ranging from Joey Votto and the Silver Slugger snub to Marvin Lewis and whether he would be done at the end of the season!

For our January meeting, we are excited to welcome Hoy Bohanon, an ASHRAE Distinguished Lecturer, who will be presenting on how to implement demand control ventilation and comply with ASHRAE standards. Mr. Bohanon is a Principal at an engineering firm, a recipient of the ASHRAE Distinguished Service Award and is chair of ASHRAE Standard 62.1 committee.

The meeting will be held at the traditional time and location (Crowne Plaza Blue Ash, 5901 Pfeiffer Rd. Blue Ash, OH 45242) on Tuesday, January 9, 2017 with lunch starting at 11:30 AM and the discussion starting at 12:00 PM. Please register by returning the attached RSVP form to laurakamphaus@zoomtown.com or online at the following link: <https://www.eventbrite.com/e/ashrae-january-2018-luncheon-tickets-41455765310>

Thank you to all who have kept our long time Historian, Joe Nader in your thoughts and prayers. He has been continuously improving after his double lung transplant on November 16th and has been discharged from the hospital. He will be staying in the Indianapolis area for a month or so before returning home as he continues to recover.

Each month we strive to select meeting topics that are valuable and relevant to all in our local membership including engineers, contractors, owners and product reps among others. Please feel free to contact me directly with any questions, comments, concerns, or suggestions:

Committee Reports

Research Promotion (RP)

Joe Zirkelbach

As you start the new year and work on your personal budget, please consider including \$100 for ASHRAE RP. For information on how to donate you can email me jjzirkelb@fuse.net. Our Chapter goal this year is \$10,500, currently we are at \$1,722

Membership Promotion (MP)

Jason Hilton

Our current chapter size is at 298 including our student members. This total is slightly down compared to past years. Please encourage your fellow colleagues to get involved, sign-up / renew, and take advantage of the benefits membership has to offer. It only takes about 10 minutes to complete the registration process.

Chapter Technology Transfer (CTTC)

Pete Rasche

The first of our two ASHRAE Distinguished Lecturers will be presenting at our January meeting, followed by another in February. Hopefully everyone can make it to hear these gentlemen speak on topics which are very relevant in our designs these days. We hope you had a wonderful holiday and look forward to seeing everyone in 2018!

Young Engineers in ASHRAE (YEA)

/Student Activities (SA)

Connor McCurren

The UC student ASHRAE chapter has increased in activity and has established a regular monthly meeting time. Good luck to all the UC students participating in the ASHRAE student design competition!

2017-2018 Calendar of Events

12/12/2017 11:30 AM	Monthly Members Meeting Paul Daugherty
01/09/2018 11:30 AM	Monthly Members Meeting Hoy Bohanon ASHRAE Distinguished Lecturer How to Implement Demand Control Ventilation and Comply with ASHRAE Standards
02/13/2018 11:30 AM	Monthly Members Meeting Dr. Thomas Lawrence ASHRAE Distinguished Lecturer CO2 Monitoring for Outdoor Airflow and Demand- Controlled Ventilation
03/13/2018 11:30 AM	Monthly Members Meeting Kyle DePiano Modern Pump Selection for System Efficiency
04/10/2018 11:30 AM	Monthly Members Meeting TBD
05/14/2018 11:30 AM	Annual Golf Outing Wetherington Country Club

Hoy Bohanon, PE, LEED AP, BEAP is principal in Hoy Bohanon Engineering, PLLC, a firm that focuses on improving the performance of existing mission critical buildings. Mr. Bohanon began his engineering career as a research and design engineer, and then gained experience as a project engineer, facilities engineer, facilities manager, indoor air quality research engineer, environmental engineer, and business owner. He has a master's degree in engineering from North Carolina State University, and a bachelor's degree in mechanical engineering from Georgia Institute of Technology.

Mr. Bohanon has written technical papers and articles on indoor air quality, operations, and maintenance and is a frequent presenter at technical society meetings. He is a recipient of the ASHRAE Distinguished Service Award and is chair of ASHRAE Standard 62.1 committee, *Ventilation for Acceptable Indoor Air Quality*. He also serves on the bEQ committee,. He is chair of the US Technical Advisory Group panel 1 (general principles) and panel 4 (indoor air quality) for ISO TC205 *Building Environment Design*. He is a co-author of *The Indoor Air Quality Guide: Best Practices for Design, Construction and Commissioning* and *Performance Metric Protocols for Commercial Buildings: Best Practices Guide*. He also teaches multiple courses for the ASHRAE Learning Institute addressing ASHRAE 62.1 and IAQ. Mr. Bohanon is also a member of the Professional Engineers of North Carolina, US Green Building Council, and I2SL.
