A monthly publication of the Cincinnati Chapter of the American Society of Heating, Refrigeration & Air Conditioning **2019-2020 Board Members**

The President's Corner

Steve Tossey

Thought for the day.

Technician: "How long has the AC not been working?"

Customer: "2 weeks"

Technician: "Why did you wait 2 weeks to have it fixed?"

Customer: "My in-laws were here. They were planning to stay for a month."

Dear Cincinnati ASHRAE members and friends,

Happy Thanksgiving. I hope is going well for you as the holidays approach. Our theme this year continues to follow the theme of Society President Darryl K. Boyce:

Building for People and Performance. Achieving Operational Excellence.

"We must ensure operational performance for the people that live, work, and interact in buildings," said Boyce. "People must succeed within the buildings we create. Let's ensure we take the steps needed to achieve effective operational performance and operator experience."

Many thanks to all of you who attended and especially those of you who made our November meeting a big success. Almost 50 people were able to attend on November 12th at the CCAD (Cincinnati Collective of Architecture and Design) meeting space in Over-the-Rhine. We had a good time of connecting with other HVAC folks and receiving a fine presentation on "**New and Innovative Ways to**

Reduce HVAC Operating Costs", led by ASHRAE DL Benjamin Seidel, Business Development Engineer for Baltimore Air Coil.

Thanks again to our hosts, the **Cincinnati Chapter of the AIA**, and to our meal sponsor **Habegger** for lunch!

Our next membership meeting will be Tuesday, December 10 at 11:30-1:00. This will be our annual Past President's meeting, wherein we recognize all our members who have volunteered their time to leading Cincinnati ASHRAE. Also, we will be recognizing all those who have made donations to the ongoing work of ASHRAE Research in this past year.

Cincinnati ASHRAE News

A monthly publication of the Cincinnati Chapter of the American Society of Heating, Refrigeration & Air Conditioning Engineers

The President's Corner (cont.)

Our program, as has been our recent tradition, will be to have a Q & A session with **Paul Daughery** of the Cincinnati Enquirer, to talk all things Cincinnati sports and whatever else comes up.

This meeting will be held at the **PipeFitters Local 392 Training Center**, located at 300 Century Circle North, Cincinnati, Ohio 45246. This is just west (behind) the Sharonville Convention Center. This is large space with plenty of free parking. See www.local392.com for more information about this organization. Thanks to them for accommodating us.

Our meal sponsor for December will be **PEDCO**. Thanks for all PEDCO does to support ASHRAE.

As a reminder, this is a difference this year: rather than pay separately for each monthly membership meeting, members can now attend free of charge. The cost for non-members will be \$15. Please keep in mind when planning and inviting your co-workers.

We are continuing to look for lunch sponsors (presumably companies) to cover the cost of the meals for our monthly meetings. We have opportunities for sponsors for February and March, both noon meetings. Sponsors may be engineering firms, sales representative/vendor companies, or any other entity interested in helping. *Please know that this is not in violation of ASHRAE policy.* Many other chapters have been having lunch sponsors for years now. We can assure you that the sponsors will not have any "unfair" representation within the speaker presentations themselves, which is where the ASHRAE "neutrality" rules apply.
