The President’s Corner
Steve Tossey

Thought for the day, “A bird in the hand is better than one stuck in the flue pipe.”

Dear Cincinnati ASHRAE members and friends,

Happy New Year. I hope 2020 is off to a good start for you and yours.

Our theme this year continues to follow the theme of Society President Darryl K. Boyce:

Building for People and Performance, Achieving Operational Excellence.

"We must ensure operational performance for the people that live, work, and interact in buildings," said Boyce. "People must succeed within the buildings we create. Let's ensure we take the steps needed to achieve effective operational performance and operator experience."

Many thanks to all of you who attended and especially those of you who made our January meeting a big success. We welcomed many members and friends on January 16th at the Madtree Brewery in Oakley. It was informative and educational to tour the brewery and learn about the steam chilled water systems involved in this process. Thanks again to our hosts, Madtree Brewery, and to our meal sponsor ElitAire for the happy hour!

Our next membership meeting will be Tuesday, February 11th from 11:30 AM-1:00 PM. This meeting will be held at the Pipefitters Local 392 Training Hall in Sharonville. We will meet for lunch and a presentation from Bill McQuade, PE, LEED AP entitled: "The Low GWP Refrigerant Transition: Regulatory Landscape and Options for HVAC & R Equipment." Thanks to our meal sponsor Trane, PDH's will be available for this program.

And plan now to attend our next MP/RP/YEA event, February 20th at the Cincinnati Cyclones hockey game. Details elsewhere in the newsletter.

To date this year we have added almost 20 new members and raised over $1500 of our goal for ASHRAE research. Keep up the progress!

As a reminder, this is a difference this year: rather than pay separately for each monthly membership meeting, members can now attend free of charge. The cost for non-members will be $15. Please keep in mind when planning and inviting your co-workers.
The President's Corner (cont.)

We are continuing to look for sponsors (presumably companies) to cover the cost of the meals for our monthly meetings. We have opportunities for sponsors for April, slated to be an evening meeting. Sponsors may be engineering firms, sales representative/vendor companies, or any other entity interested in helping. Please know that this is not in violation of ASHRAE policy. Many other chapters have been having lunch sponsors for years now. We can assure you that the sponsors will not have any "unfair" representation within the speaker presentations themselves, which is where the ASHRAE “neutrality” rules apply.

MEAL SPONSOR
Every year during late summer Region V holds its Chapter Regional Conference (CRC). The CRC is hosted each year by one of the region’s chapters. The event was held July 25th 26th and 27th in Grand Rapids, Michigan and was hosted by the Western Michigan Chapter.

Adam Doublestein was the CRC general chairman and he and his committee members did a great job from start to finish.

The conference started with Thursday afternoon activities July 25th followed by initial meetings and a welcome event on Thursday evening.

Friday was a full day of business meetings, President’s Lunch, technical sessions and tours and an evening of fun and comradery at the Grand Rapids Public Museum.

Saturday continued with committee workshops, business meetings and the Awards Lunch. The Cincinnati Chapter was represented by several of our membership.

Plan now to attend next year’s CRC in Ft. Wayne, Indiana which will be hosted by the Ft. Wayne Chapter on July 23rd 24th and 25th.
